Staffing (From care learning and play policy)

Staffing arrangements will provide opportunities for:

- Reflection on practice.
- The realisation that working with children is a complex, challenging and demanding task and that often there are no easy answers.
- That learning is a shared process and that children learn most effectively when, with the support of a knowledgeable and trusted adult, they are actively involved and interested.

Staff will display flexible styles of leadership and respond appropriately to children according to their age, understanding and needs.

Staff will support, recognise and promote achievements by all children.
